Profile

Passionate and detail-oriented Full-Stack Web Developer with hands-on experience building modern, scalable, and responsive applications. Skilled in React, Next.js, JavaScript, Java, Spring Boot, MySQL, CSS, and UI/UX design, with experience across both front-end and back-end development, including REST APIs and Firebase. Eager to contribute to dynamic teams and deliver impactful digital products.

Experience

Full-Stack Developer (Project Work)
Self-directed | 2023 – Present
- Built multiple responsive applications using React.js and Next.js.
- Developed full-stack web applications with React, Next.js API routes, Spring Boot, and MySQL.
- Integrated Firebase for authentication and real-time features.
- Designed modern, mobile-first UIs with Tailwind CSS and shadcn/ui.
- Deployed projects on Netlify with CI/CD integration.

Projects

The projects I have built are private and available for companies to review upon request. Please contact me to arrange a demonstration or code walkthrough.
